

Your seaside villa is equipped for a full range of sports: fishing, snorkeling and paddling about in the two-person kayak. Water access is easy from the wide swim platform and twin stairways to the cockpit. **La Contessa** offers two tenders, a 14ft Novurania with 50hp Yamaha outboard and an optional 32ft Regulator with twin 300hp outboards. Two Piaggio motor scooters take you on shore explorations with a dash of Italian Riviera style — scarf and sunglasses optional.

*La Contessa invites you to come away.
Come, live the good life,
the sweet life, la dolce vita.*

LA CONTESSA

La Contessa requests the pleasure of your company...

Come, celebrate *la dolce vita* on La Contessa, a seaside villa of unmistakable Italian elegance. Come for a joyous family occasion, to cherish the company of friends, for a tranquil escape with your soul mate — La Contessa offers everything you could wish for wrapped in the warmth of caring hospitality. Her professional crew knows when to lavish you with attention and when to let you slip away to a quiet corner.

The main salon is a harmony of pale tones, polished granite and rare woods. Sink into glove-soft leather, stretch out and feel tension melt away. Match the mood of the moment with her state-of-the-art entertainment: CD player, plasma TV/DVD, and Bose surround sound stereo. The cleverly designed pop-up bar, opposite the dining table, is fully stocked with your favorite drinks.

Conversation and fine wines flow in the intimate setting of the dining salon's round table. Dinner on La Contessa is a feast for all the senses. The cuisine is superb, artfully presented on fine china. Candlelight reflections dance on fine crystal. Before your arrival, the professional onboard chef has designed a personalized menu inspired by a detailed list of your food preferences. Any special dietary requirements are creatively addressed.

Plan the day's destinations with the captain over a cup of coffee in the wheelhouse and get a briefing on the latest navigation electronics.

The settee here is perfect for a private cooking demonstration as you watch the chef at work in the open galley.

Lunch fresh off the grill, afternoon naps and parties under the stars — the upper deck is set up for entertaining in style with a full-size stainless barbecue, wet bar, ice maker and fridge. Deck chairs, two L-shaped settees and two captain's chairs give everyone plenty of choices to find their favorite spot.

The aft deck offers al fresco dining for eight at the beautifully varnished teak table. Here the wet bar, fridge and ice maker are housed in a large granite topped cabinet that also serves as a buffet for sunset cocktail parties.

Richly textured fabrics set the standard of luxury in La Contessa's three spacious en suite staterooms. The master suite comprises a queen bed, settee, dressing table, desk and walk-in cedar closet. Exceptional is the word to describe the master bath fitted with a square, extra deep whirlpool soaking tub and shower, bidet and marble vanity.

The port guest cabin offers a queen bed, nightstand and corner vanity. In the marble trimmed bath the large walk-in shower features a bench seat. Plush towels and bed linens of the highest quality are so soothing after a day in the sun and water.

Each cabin has individual AC controls, a stereo CD player, a separate satellite receiver for the TV/DVD and iPod jacks.

Twin lower singles plus a pullman bunk in the starboard cabin are ideal for children and a nanny. This bath has a generous stall shower with a bench seat and marble-topped vanity.
